Deanery,
Westminster.

My dear Sir,

There is no objection
what I shall undertake
to the situation of the
windows in the N. Transept
viz. that the stained glass,
if at all deep, would
take away the light from
the monuments west of
immediacy of front, but
in the N. Transept itself.
The only way of guarding
against this would be
to have the stained glass

as by Mr. - Chute as
hoped. If this can be
arranged, I can do
nothing - but otherwise
I think that ~~it~~ it
would not be fair to
leave the above the
place for the moment
in that part or part
of the by Mr. IV.
